

### **Hastings Marine and Engineering**

Hastings Marine and Engineering was started by Eric McIlwain in July 2013 to supply quality marine surveying services to ship owners and operators in Australia and the Pacific region.

Eric has more than 30 years' experience as a:

- Marine Engineer
- Mechanical Engineer
- Technical Superintendent
- Ship Repair Manager
- Project Manager

He has been engaged by some of the largest marine operators in Australia:

- ANL
- ASP Ship Management
- Riverside Marine
- Keppel Group
- Forgacs Cairncross Dockyard
- Teekay Shipping
- Shell Australia

Eric has worked on self-discharging bulk carriers, tankers, passenger ferries, containerships, project managed refits and survey dockings for crude oil tankers, bulkers, ro-ros, steam-fired ore carriers, stripped and transported 2 MAN52/55 V18 engines from Port Hedland to Singapore and Japan via Fremantle.

He was the project engineer for a series of 3 new Aluminium fast ferries built for the Gladstone LNG precinct.

He is a Member of the Institute of Marine Engineering, Science and Technology (IMarEST) as well as a Chartered Engineer and Chartered Marine Engineer with IMarEST, a Member of the Marine Surveyors Association Inc, a Member of the Australasian Institute of Marine Surveyors (AIMS) and a Member of the American Boating and Yachting Council.

With these years of experience across all aspects of the marine industry, Hastings Marine and Engineering is well positioned to provide our clients with high quality marine surveying advice that is second to none.
