SMALL SHIPS SURVEYORS

Marsden Marine  
Ships Surveyors & Valuers

Marsden Marine provide Small Ships Surveying services to clients in New Zealand and The Pacific Islands. Our Surveyors are Lloyds qualified and MNZ recognised professional surveyors specialising in vessels up to 24m. Marsden Marine Small Ships Surveyors provide services to a broad range of clients including; owners, prospective buyers, insurance and legal professionals, Marinas and service providers.

Greg Marsden is the owner and practice principal at Marsden Marine Small Ships Surveyors. Following graduation from the Royal School Military Engineering, Greg undertook a 17-year Career as a British Army Engineering Officer. Always passionate about boating Greg's activity of choice was offshore Powerboat racing, a highlight being a double trophy winner in the 2008 Round Britain Race and successfully achieving the Round Ireland circumnavigation Powerboat World record in 2009. Greg is professionally accredited by the UK Engineering Council, the City and Guilds Institute and is a member of the Society of Consulting Engineers and Marine Surveyors, Australasian Institute of Maritime Surveyors and Institute of Royal Engineers
